

TECHNOLOGY TEACHER

Technology Teacher: Encourage, motivate, and inspire students to understand basic technology skills. Teacher will provide research skills and help students develop a curiosity to the internet and safe skills practice. The teacher will be responsible for assisting students in understanding Apple products, iPads, word processing skills, with knowledge of email, excel and Google classrooms. Job role will be for technology (push-in) for students in kindergarten through fifth grade and whole school technology support. 14 classrooms for technology integration, 1 hour each day for teacher support and troubleshooting.

The ideal candidate will be aware of the NAPS community, understand our school culture and the importance of military families. We are looking for a person that is flexible, a self-starter and a great team player with the ability to be creative and high energy to meet elementary student needs. NAPS is determined to evolve by being an accredited independent school with a warm and loving environment. Preference will be given to those candidates with familiarity and experience within the NAPS community and can speak to the school's mission and expansion of the school.
